Xerox Wide Format

Aqueous and Solvent Graphics Media, PPC and CAD Inkjet

XEROX®

Helping you to find better ways to do great work

Welcome to the Xerox Wide Format Supplies Catalogue.

Xerox have worked hard to present you with the widest choice of supplies to help you to promote your company's image through professional documents. Xerox is the market leader, in both the office and commercial digital print environments, in providing innovative products & services to ensure that you always achieve the best results from your equipment. We strive to ensure that whichever brand of printer you own, you'll achieve the best possible results by using Xerox supplies.

The Quality you need

At Xerox, we always treat your business as our own, so we ensure that our manufacturing and quality control methods are at the leading edge of technology. So you can be sure that when you choose Xerox Wide Format supplies, that we have extensively tested all of our products to ensure that you receive the output quality and runnability you need in your equipment. We know that you have a choice when you purchase Wide Format supplies, so we continually strive to ensure that our products perform well, time and again.

An even wider range

This catalogue brings you a superb innovative range of media products for your printer or copier. We've further expanded our range of special media products, developed and specially matched to production colour and mono digital printing equipment. Xerox's market leading position in the world of digital print allows us to optimise all of our media range to achieve for you the best possible results.

Customer service – our passion

At Xerox, we know that to run your business effectively you need a reliable delivery service, so wherever you purchase your Xerox products you'll know that we use the leading edge systems to make sure we despatch your order on time.

Your total satisfaction is guaranteed, so if within 30 days of receipt of any of our products, you find that you are not completely satisfied that it meets your quality expectations, we will replace it free of charge as part of our "no quibble" guarantee.

Electronic ordering

We offer an excellent Web ordering system, Xtranet, which allows you to order your Xerox supplies products online, giving you the assurance of secure order processing and immediate order confirmation. Contact your Xerox representative to sign up for free Xtranet access.

Xerox Office Supplies and Quality

Xerox is the worldwide leader in office document supplies due to a 'New Product Development and Quality Assurance Programme' unrivalled by any of our competitors. Every product in this catalogue has been tested and approved by state of the art Xerox laboratories to guarantee perfect results time after time in all your documents.

Over 40 years of Xerox knowledge and experience has lead to a full understanding of the interactions between Wide Format equipment and supplies products. This knowledge is used to continually improve the performance of all our products as well as develop leading edge products to extend the possibilities of new printing technologies. This unique approach delivers printing solutions that will enhance the productivity and image of your company.

Xerox Office Supplies and the Environment

Xerox Office Supplies has always considered caring for the environment a high priority. Xerox Office Supplies continually challenges suppliers to meet and exceed standards for emissions to air, land and water and preservation of natural resources set by Environmental Agencies. Consequently, Xerox Office Supplies is a leading force in developing and implementing environmental best practices and new technologies in paper production across Europe and all Xerox Office Supplies products are produced using these technologies.

www.xerox.com – supplies

Visit our website at www.xerox.com and select supplies if you need further help in selecting the right supplies for your business needs. The Xerox Supplies website offers you a range of options to choose from, including a search for compatible supplies based on your equipment, additional technical specifications for ultimate performance and templates for Xerox media including Labels, CD Labels, Business Cards, Greetings Cards, Trifold Brochures, etc.

"Our strategic intent is to be the leader in the global document market, providing document solutions that enhance our customer's productivity. Documents are the indispensible building blocks for capturing knowledge and sharing it with others. This is where Xerox can help by providing our customers with global document solutions that bring together leading edge technology, sophisticated software and services, and, of course, the widest range of supplies"

Graphic Arts – Xerox ColorgrafX

Reprographic Media

Reprographic papers and films – for drawing copiers and plan printers. Perfect for both everyday use and presentations. Consistently smooth to help generate sharp and accurate lines – ideal for quality engineering drawings. Available in rolls, (taped or untaped to the core) and sheets.

Suitable for Xerox and all other xerographic and digital printers.

Premium Paper Rolls – Taped

Highest quality reprographic paper. High whiteness, smoothness and body for best quality results. Taped to core for use with Xerox (XWF) plan copiers and digital printers.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R90089	75	175 m	914 mm	1	24
003R90172	75	175 m	841 mm	1	24
003R90169	75	175 m	594 mm	1	24
003R90159	75	175 m	420 mm	1	24
003R90167	75	175 m	297 mm	2	24
003R94607	75	80 m	914 mm	2	20
003R94588	75	80 m	841 mm	2	20

Premium Paper Rolls – Untaped

Highest quality paper, as above but not attached to the core for use on all non-Xerox plan copiers and digital printers such as Oce, Kip, Ricoh, Utax, Mita, etc.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R93877	75	175 m	841 mm	1	24
003R93878	75	175 m	594 mm	1	24
003R93879	75	175 m	420 mm	1	24

Premium Paper Cut Sheets

Highest quality reprographic paper for use in all sheet fed plan copiers and digital printers.

Part No.	Grammage	Size	Reel Length	Width	Feuilles	Par Palette
003R90857	75	A0	1189 mm	841 mm	125	40
003R90859	75	A1	841 mm	594 mm	250	50
003R90868	75	A2	594 mm	420 mm	500	40

Premium Fluorescent Paper

Highest quality fluorescent papers. Ideal for production of economical, eye-catching posters for short-term use. 5 colours available.

Part No.	Grammage	Colour	Reel Length	Width	Rolls per pack	Par Palette
003R98206	90	Yellow	135 m	841 mm	1	24
003R98207	90	Green	135 m	841 mm	1	24
003R98208	90	Red	135 m	841 mm	1	24
003R98209	90	Orange	135 m	841 mm	1	24
003R98210	90	Pink	135 m	841 mm	1	24
003R98211	90	Yellow	135 m	594 mm	1	24

Performance Paper Taped

High quality plain paper for cost-effective everyday plans copying and printing requirements. Good whiteness, body and formation. Taped to core for use on Xerox (XES) plan copiers and digital printers.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R97726	75	175 m	914 mm	2	24
003R97729	75	175 m	841 mm	2	24
003R97804	75	175 m	841 mm	1	48
003R94036	75	175 m	594 mm	2	36
003R94037	75	175 m	420 mm	2	42
003R94298	75	175 m	297 mm	2	60

Performance Paper Untaped

High quality plain paper, as above, but not attached to the core, for use on all non-Xerox plan copiers and digital printers such as Oce, Kip, Ricoh, Utax, Mita, etc.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R94711	75	200 m	841 mm	1	36
003R97732	75	200 m	594 mm	2	30
003R94709	75	200 m	420 mm	2	36
003R97733	75	175 m	914 mm	2	24
003R97736	75	175 m	841 mm	2	24
003R97806	75	175 m	841 mm	1	48
003R94713	75	175 m	594 mm	2	36
003R95727	75	175 m	420 mm	2	42
003R95728	75	175 m	297 mm	2	60
003R97737	75	150 m	841 mm	2	24
003R97808	75	175 m	841 mm	1	48
003R95985	75	150 m	594 mm	2	36

Performance Paper Cut Sheets

High quality plain paper for use in all sheet fed plan copiers and digital printers.

Part No.	Grammage	Formats	Reel Length	Width	Feuilles	Packs per Pallet
003R95750	75	A0	1189 mm	841 mm	125	32
003R95749	75	A1	841 mm	594 mm	250	32
003R95748	75	A2	594 mm	420 mm	500	40

Production Paper Taped

Paper rolls supplied in full pallet quantities without individual cartons. Offers an economical option with savings in waste packaging disposal, particularly for copy bureaux and high volume environments. Taped to core for use with Xerox (XES) plan copiers and printers.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R97778	75	175 m	594 mm	1	36

Production Paper Untaped

Paper rolls supplied in full pallet quantities without individual cartons. Offers an economical option with savings in waste packaging disposal, particularly for copy bureaux and high volume environments. Unattached to core for use with non-Xerox (XES) plan copiers and printers, such as Oce, Kip, etc.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R97783	75	200 m	594 mm	1	36
003R97787	75	175 m	841 mm	1	36
003R97788	75	175 m	594 mm	1	36

Premium Tracing Rolls

High performance translucent paper. Ideal for copying, printing and manual drafting purposes. Also useful as a diazo master.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R96053	90	170 m	914 mm	1	24
003R96140	90	170 m	841 mm	1	24
003R96047	90	170 m	594 mm	1	24
003R96042	90	170 m	420 mm	1	24
003R96139	112	140 m	841 mm	1	24

Premium Tracing Sheets

High performance translucent paper. Available in cut sheet form for all purposes.

Part No.	Grammage	Formats	Reel Length	Width	Feuilles	Packs per Pallet
003R96087	90	A1	841 mm	594 mm	250	40
003R96088	90	A2	594 mm	420 mm	250	80
003R96032	90	A3	420 mm	297 mm	250	160
003R96030	90	A4	297 mm	210 mm	500	160
003R96125	112	A0	1189 mm	841 mm	125	40
003R97624	112	A1	841 mm	594 mm	125	40
003R96127	112	A2	594 mm	420 mm	250	80

Matt Film Rolls

High quality matt film for use in all Xerographic machines. Used for long-term archive purposes. Impervious to water and dimensionally stable. Also can be used as diazo master.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
003R98186	75	100 m	914 mm	1	30
003R98183	75	100 m	841 mm	1	30
003R98161	100	100 m	914 mm	1	30
003R98158	100	100 m	841 mm	1	30
003R98155	100	100 m	594 mm	1	30

Opaque Film Rolls

High quality matt film for use in all Xerographic machines, but with an opaque white base. Particularly useful in outdoor applications due to higher contrast.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
003R96465	100	50 m	841 mm	1	30

Matt Film Rolls for 25XX and 30XX

High quality matt film specifically for use on Xerox 25xx and 30xx series machines. Used for long-term archive purposes. Impervious to water and dimensionally stable.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
003R91422	100	100 m	841 mm	1	30

Matt Film Sheets

High quality matt film in sheet format for use in manually sheet fed machines Used for long-term archive purposes. Impervious to water and dimensionally stable.

Part No.	Micron	Size	Length	Width	Feuilles	Packs per Pallet
003R98192	75	A2	594 mm	420 mm	100	40
003R98191	75	A3	420 mm	297 mm	100	10

Reprographic Toner

These toners are specially formulated to work with their designated machines to give consistent quality output time after time.

Analogue Toner

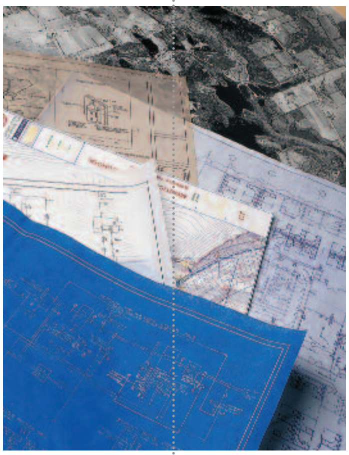

Genuine Xerox toner for reliable print operation and output using Xerox media. Specified for Xerox (XES) analogue plan copiers.

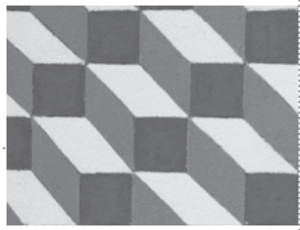

Part No.	Machine Type	Colour	Items per pack
006R90166	2515 / 2520 / 2950	Black	1
006R90129	2510 / 2511	Black	1
006R90284	3001	Black	1
006R90269	30XX	Black	1
006R90130	3080	Black	3
006R90210	3090	Black	2
006R90162	5080	Black	3

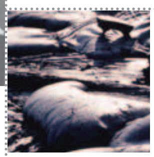

Digital Toner

Xerox digital toner and toner blends formulated for reliable printing in Xerox digital machines.

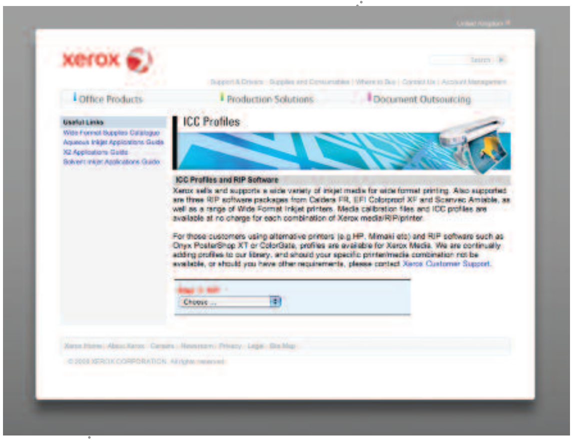

Part No.	Machine Type	Colour	Items per pack
006R90235	ES8180	Black	1
006R90236	ES8180	Red	1
006R90268	8830	Black	1
006R01185	6030/6050	Black	1
006R00239	8836	Black	1
006R90208	8840 / 8845	Black	1
006R90264	8855	Black	8
006R90302	8850 / 510	Black	1
006R01141	721	Black	8
006R01004	Max200	Black	1
006R01005	Max200	Red	1
006R01238	6204	Black	1
008R13014	6204	Waste Bottle	1

XEROX®

CAD Inkjet Media

A full range of media for CAD engineering drawing suitable for printing on all CAD inkjet printing devices.

Semi Opaque Paper 60 g/m²

Lightweight, uncoated paper for mono inkjet applications. Particularly useful when required as a diazo copying master and also when large numbers of drawings need to be mailed.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R06717	60	75 m	914 mm	1	70
003R06719	60	75 m	841 mm	1	70
023R01433	60	75 m	610 mm	1	70

Performance Uncoated Paper

Uncoated papers in a selection of weights for CAD, mono and colour line work. High whiteness for excellent contrast. Good formation. Economical for check plots and final drawings.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R97739	75	50 m	914 mm	4	30
003R97740	75	50 m	841 mm	4	30
003R97741	75	50 m	610 mm	4	50
003R97742	80	50 m	914 mm	4	30
003R97743	80	50 m	841 mm	4	30
003R97744	80	50 m	610 mm	4	50
003R95981	80	91 m	914 mm	1	72
003R95982	80	91 m	841 mm	1	72
003R95983	80	91 m	610 mm	1	126
003R97762	90	50 m	914 mm	4	20
003R97763	90	50 m	841 mm	4	20
003R97764	90	50 m	610 mm	4	20
003R97810	90	50 m	594 mm	1	54
003R95978	90	91 m	914 mm	1	54
003R95979	90	91 m	841 mm	1	54
003R95980	90	91 m	610 mm	1	54
003R98067	90	110 m	841 mm	1	35
003R98066	90	110 m	594 mm	1	35

Premium Uncoated Paper Rolls

Highest available quality of uncoated paper with high whiteness for mono and also colour line work. Excellent formation for final drawings and presentations.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R95787	90	50 m	914 mm	1	70
003R95788	90	50 m	841 mm	1	70
003R95789	90	50 m	610 mm	1	70
003R06574	90	91 m	914 mm	1	54
003R06575	90	91 m	841 mm	1	54

Performance Coated Paper

A cost effective paper for colour inkjet printing. Good opacity and excellent fine line quality for final drawings and presentations.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R95784	90	50 m	914 mm	1	70
003R95785	90	50 m	841 mm	1	70
003R95786	90	50 m	610 mm	1	70
003R06556	90	91 m	914 mm	1	54
003R06557	90	91 m	841 mm	1	54
003R06559	90	91 m	610 mm	1	54

Premium Coated Paper

High performance colour inkjet paper giving vivid colour output for both line work and block infill. High opacity and excellent whiteness, used for final drawings and presentations.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R06709	95	45 m	914 mm	1	70
003R06710	95	45 m	841 mm	1	70
003R06711	95	45 m	610 mm	1	70
003R06560	95	91 m	914 mm	1	40
003R06561	95	91 m	841 mm	1	40
003R06563	95	91 m	610 mm	1	40

Inkjet Tracing Rolls

High performance translucent paper.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
003R95803	90	50 m	914 mm	1	70
003R95804	90	50 m	841 mm	1	70

003R06644	112	50 m	841 mm	1	70
003R06646	112	50 m	610 mm	1	70

Polyester Film

A matt polyester film for inkjet use. Particularly good for long term archiving and diazo masters. Fast drying and fully capable of accepting colour inks.

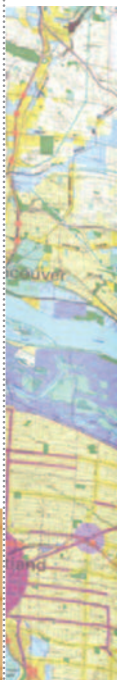

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01607	75	38 m	914 mm	1	100
023R01608	75	38 m	841 mm	1	100
023R01609	75	38 m	610 mm	1	100

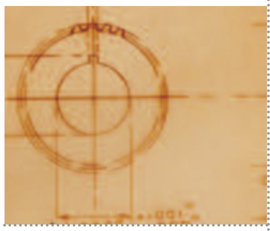

Pro Unit Media Range

A range of inkjet media in longer length rolls, (175m – 200m), for use with the pro unit. Includes economic 75gsm and 90gsm uncoated papers, as well as 90gsm and 95gsm coated papers. A great way to cut costs without cutting quality.

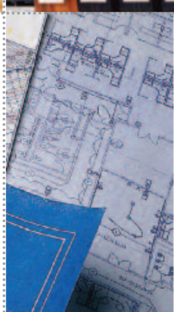

Part No.	Grammage	Descriptions	Reel Length	Width	Rolls per pack	Packs per Pallet
003R06569	100	Premium Coated	175 m	914 mm	1	24

Presentation & Photo Grade Papers for Aqueous Inkjet Printing

Highest quality papers in a variety of specifications and finishes to produce colour graphics prints for a wide range of applications. Unless otherwise stated, all papers are compatible with piezo-electric and thermal inkjet devices using water based inks, both dye and pigment.

Profiles and support are available for Xerox 81XX series and Epson Stylus Pro graphics inkjet printers, plus most other commonly used printer models. Please consult the Aqueous Inkjet Graphic Art Application Guide on www.xerox.com for application details and advice.

Matt Presentation Paper Lightweight 90g/m² & 120g/m²

Economical, general-purpose, matt presentation paper for lower density printing with either dye or pigmented inks. Gives sharp line definition to GIS/CAD line width specifications, and lower density colour fills. Ideal for high quality presentation drawings, or as a low cost proofing paper, but not suitable for high density graphic imaging.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02076	90	46 m	1067 mm	1	70
023R02077	90	46 m	914 mm	1	70
023R02078	90	46 m	610 mm	1	70
023R02085	120	30 m	1270 mm	1	40
023R02086	120	30 m	1067 mm	1	70
023R02087	120	30 m	914 mm	1	70
023R02088	120	30 m	610 mm	1	70

Matt Presentation Paper Heavyweight 160g/m²

Universally compatible high white, heavyweight, matt presentation paper for colour graphic applications. Gives good image density and gamut with lower ink limits and therefore excellent ink economy. The heavyweight base gives this paper good stiffness and bulk, and dimensional stability makes this paper suitable for multi panel display. Dries quickly, and is suitable for both dye and pigment inks.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02091	160	30 m	1067 mm	1	70
023R02092	160	30 m	914 mm	1	70
023R02093	160	30 m	610 mm	1	70

Poster Presentation Paper 120g/m²

High quality, but economical, poster paper with a smooth surface.Perfect for general purpose graphics printing: Instant drying, and universally compatible for both dye and pigment ink systems. Designed for high density photo quality graphic imaging and reproduction of bright colours.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02173	120	30 m	1524 mm	1	35
023R02174	120	30 m	1067 mm	1	35
023R02175	120	30 m	914 mm	1	56

Papier Poster Présentation 170g/m²

High quality, heavyweight poster paper with a smooth, matt coated surface. For photo quality, bright coloured graphic imaging, this is effectively a “no glare” alternative to photo paper. The base of this media provides excellent stiffness and bulk, and full opacity. Instant dry and universally compatible with dye or pigment ink systems.

023R02179	170	30 m	610 mm	1	70

Universal Photo Paper 175g/m²

High quality photo paper with a film coating on both sides and a microporous coating for instant drying with either dye or pigment inks. Base weight gives good stiffness and opacity, but at the lighter end of the photo paper scale, to give a cost effective basis for everyday photographic reproductions. Available with gloss or satin finish.

023R02109	Satin	30 m	610 mm	1	120

Universal Photo Paper 195g/m²

Premium universal, microporous coated photo paper, fully compatible with all dye and pigment inks for the best possible colour imaging with exceptionally fast drying time. High contrast, excellent edge definition, brilliant true colours, soft gradients – photorealistic prints in resolution up to 1440dpi. Available with gloss ar satin finish.

023R02117	Satin	30 m	610 mm	1	40

Universal Photo Paper 215g/m²

Universal photo base paper, film coated on both sides with microporous coating for instant drying using either dye or pigment inks. High ink capacity for wide gamut photo imaging at up to 1440dpi resolution. For applications where a degree of stiffness and bulk is important. Available with gloss or satin finish.

Part No.	Finish	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02119	Gloss	20 m	1067 mm	1	60
023R02120	Gloss	20 m	914 mm	1	60

023R02124	Satin	20 m	914 mm	1	60
023R02125	Satin	20 m	610 mm	1	120

Universal Photo Paper 285g/m²

Universal photo base paper, film coated on both sides with microporous coating for instant drying using either dye or pigment inks. Photo printing at up to 1440dpi resolution for a range of applications where maximum stiffness and bulk are important. The weight of this paper makes it particularly effective in enabling the print to keep a uniform surface. Available with gloss or satin finish.

Part No.	Finish	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02127	Gloss	15 m	1067 mm	1	60
023R02128	Gloss	15 m	914 mm	1	60

023R02133	Satin	15 m	610 mm	1	120

Coloured Display Paper 95g/m²

Economy paper with a bright coloured print surface, either yellow or fluorescent yellow, for short term retail POP display and prints involving simple messaging with low ink density graphics. An ideal way to achieve high impact display without heavy ink use.

Part No.	Colour	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02137	Fluorescent Yellow	45 m	1067 mm	1	70

250g/m² Fine Art Cotton Paper

Tradional cotton-based paper for high quality fine-art and photographic reproduction. The surface is matte, natural white, available with either smooth or lightly textured finish. Designed for the most precise inkjet printing to give clarity of imaging, colour accuracy and fine graduation, with excellent density. Acid free with no optical brightener, image life can realistically be 80 years behind glass or 50 years without protection.

Part No.	Grammage	Finish	Reel Length	Width	Packs per Pallet
023R02416	250	Smooth	12 m	1067 mm	24
023R02417	250	Textured	12 m	1067 mm	24

Outdoor Poster Paper – Blue Back

Water resistant poster paper suitable for indoor and outdoor graphics. Blue backing reinforces the paper's high opacity, to minimise show through when pasted over other images. The blue back also gives this paper the required properties for backlit display applications, providing an economical alternative to film based backlit media.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02143	120	30 m	1067 mm	1	70
023R02144	120	30 m	914 mm	1	70

Canvas Paper

Matt paper with a linen structure and a canvas embossed surface to enhance the graphic effect. Rapid drying for either dye or pigment inks, this paper gives fine colour graduation, excellent colour density and image sharpness ideal for high quality graphic art reproduction. The weight and body of the paper give good self supporting strength.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02148	180	12 m	914 mm	1	42

Photo Paper 180g/m² – For Dye Inks

Cost-effective, general purpose photo paper, with a swellable coating designed for printing using aqueous dye ink systems including HP and Xerox systems.

Part No.	Finish	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02284	Gloss	30 m	1067 mm	1	60
023R02283	Gloss	30 m	914 mm	1	60
023R02290	Satin	30 m	1524 mm	1	60
023R02289	Satin	30 m	1270 mm	1	60
023R02288	Satin	30 m	1067 mm	1	60
023R02287	Satin	30 m	914 mm	1	60

Synthetic Photopaper 185g/m² – For Dye Inks

Durable, synthetic "paper" that images like a photobase paper with dye inks, but gives an extra degree of general durability and resistance to moisture distortion. Available with either satin or gloss finish.

Part No.	Finish	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02298	Satin	30 m	1524 mm	1	60
023R02296	Satin	30 m	1067 mm	1	60
023R02295	Satin	30 m	914 mm	1	60

Photo Lustre Paper 255g/m²

Extremely high quality photographic paper with a lustre surface finish for the traditional photographic alternative to gloss or smooth satin. Print surface is cool white for bright colour reproduction. Universally compatible and especially suited to high-resolution printing using Epson systems.

Part No.	Finish	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02282	Lustre	30 m	1067 mm	1	40
023R02281	Lustre	30 m	914 mm	1	40
023R02280	Lustre	30 m	610 mm	1	40

Xerox/Epson 9800

Aqueous Inkjet Speciality Media

A range of films and textiles for constructing graphics for speciality applications ranging from fine art to exhibition displays. All media are compatible with either piezo-electric or thermal inkjet devices for both dye and pigment inks unless otherwise stated.

Profiles and support are available for Xerox 81XX series and Epson Stylus Pro graphics inkjet printers, plus most other commonly used printer models. For application and compatibility details, and advice, please consult the Aqueous Inkjet Graphic Art Application Guide on www.xerox.com, or ask your supplies contact for a copy.

Optically Clear Film

Optically clear, durable, polyester film with a clear ink receptive front coating and an anti-static rear coating, suitable for vibrant colour graphics or fine line detail. Dimensionally stable for precise overlay graphics. Compatible with all dye inks and some pigment ink systems.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01532	120	20 m	914 mm	1	40

Optically Clear Film with Removable Edge Stripe

Optically clear, polyester film with a clear ink-receptive coating and anti-static rear coating, with a removable edge strip for use with HP Designjet printers. Suitable for vibrant colour graphics or fine line detail, and dimensionally stable for precise overlay graphics. Compatible with HP dye inks only.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01635	100	20 m	914 mm	1	50

Translucent Repositionable Film

Translucent adhesive backed polyester film designed for use as a one way, front viewed window display or a backlit. Low tack adhesive enables easy mounting on all smooth surfaces and can be easily repositioned.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01518	225	20 m	914 mm	1	42

White Opaque Glossy Film

Opaque, white coated polyester film, with a photo glossy surface for brilliant colour, photo quality image, where there is a need for greater resistance to mechanical weathering than photo paper can provide. Can be used as a relatively durable print without lamination. Compatible with all dye inks and most pigment inks.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01493	120	20 m	914 mm	1	40

Backlit Film – (Back Print)

Polyester printable in reverse for images to be viewed through, and protected by its translucent film base in light box applications. Unique, fast drying coating enables excellent image quality, rich deep colours, and excellent image clarity using either dye or pigment inks. Image density will not appear “washed out” when viewed under fixture lights, or seem dark without lighting.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01496	130	20 m	1524 mm	1	42
023R01497	130	20 m	1372 mm	1	42
023R01498	130	20 m	1270 mm	1	42
023R01500	130	20 m	1067 mm	1	42
023R01501	130	20 m	914 mm	1	42

Backlit Film (Front Print)

Versatile polyester film specifically coated to provide excellent image quality, rich deep colours with superior saturation and contrast. Ideal for all backlit applications, indoors and out. Images will appear strong and bright when viewed either lit or unlit. Compatible with both dye and pigment inks.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02150	140	30 m	1524 mm	1	60
023R02151	140	30 m	1067 mm	1	60
023R02152	140	30 m	914 mm	1	60

Metallic Film

Glossy metallic, mirror finish film for special display effects suitable for printing with dye inks. Choice of gold or silver film to produce a variety of striking metallic effects and colours.

Part No.	Micron	Colour	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01598	100	Argent	20 m	1270 mm	1	40
023R01597	100	Argent	20 m	914 mm	1	40
023R01596	100	Or	20 m	1270 mm	1	40
023R01595	100	Or	20 m	914 mm	1	40

Self Adhesive Vinyl

White vinyl designed to permanently adhere to a variety of surfaces. With a water and scratch resistant inkjet coating, it is designed for use in all indoor, and some short term outdoor applications.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02153	275	20 m	1520 mm	1	50
023R02154	275	20 m	1067 mm	1	60
023R02155	275	20 m	914 mm	1	60
023R02156	275	20 m	610 mm	1	120

Stop-light Pop-Up Film (Front Print) – Matt

A heavy-duty, but not bulky, printable melinex-based film for 2-part pop-up construction and exhibition display where light stopping properties are essential: Dimensionally stable with a unique backside coating which prevents slippage during printing to avoid any issues with printing matching adjacent panels. Suitable for both dye and pigment inks. Choice of two thicknesses.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01476	300	40 m	914 mm	1	100
023R01641	150	30 m	914 mm	1	100
023R01642	150	30 m	1270 mm	1	100
023R02322	300	40 m	914 mm	1	100
023R02218	150	30 m	914 mm	1	100

Banner Polyester

Premium flexible polyester with the necessary water resistance, opacity and ability to resist edge curl for indoor and outdoor banner and display systems. It can be sewn or punched but not welded. Classified M2 flame retardant making this an ideal banner material for fire sensitive environments. Works well with both dye and pigmented inks.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01587	290	15 m	1067 mm	1	42
023R01588	290	15 m	914 mm	1	42

Weatherproof Banner – Tyvek®

Tyvek® base gives a tear resistant, exceptionally durable option for producing indoor and short term outdoor banners. Printing with pigment inks is recommended to give image durability fitting that of the base material. Also suitable for dye inks.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01523	280	20 m	1067 mm	1	42
023R01442	280	20 m	914 mm	1	42

Matt Polypropylene Banner 320 Micron

Heavyweight polypropylene material is a cost-effective alternative to polyester for durable graphics in the most demanding applications. The tough, water-resistant, highly opaque base lays flat and resists edge curl – essential for display systems such as roll up or hanging banners. Its matt print surface is ideal for high-resolution, punchy colour reproduction and solid blacks using either dye or pigment inks.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02169	320	15 m	1524 mm	1	50
023R02170	320	15 m	1067 mm	1	60
023R02171	320	15 m	914 mm	1	60

Banner Vinyl

Mid-weight vinyl with a textile textured back – a water- and tear-resistant base for indoor banners, and light-duty or short-term outdoor applications. Compatible with either dye or pigmented ink systems and suitable for the full range of standard banner finishing.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02158	400	15 m	1270 mm	1	30
023R02159	400	15 m	1067 mm	1	30
023R02160	400	15 m	914 mm	1	35

Banner Fabric Fire Retardant

High strength, woven polyester fabric with uses ranging from banners to canvas type fine art reproduction with a textured surface. The heavy, fire retardant coating is certified M2 and makes this an excellent material for graphic displays in fire sensitive environments. Water resistant, instant dry coating suitable for practically all inks.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02163	250	20 m	1067 mm	1	70

Universal Artist Canvas

Coated cotton based fabric for fine art reproductions with a feel of quality. It's textured surface enhances the decorative effect as well as giving wide angle visibility without glare. Water resistant, instant dry coating suitable for practically all inks, particularly pigmented inks.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01503	340	12 m	1270 mm	1	42
023R01504	340	12 m	1118 mm	1	42
023R01505	340	12 m	1067 mm	1	42
023R01506	340	12 m	914 mm	1	42
023R02279	340	12 m	610 mm	1	42

350g/m² Premium Satin Artist Canvas

A premium quality, heavyweight, cotton-based tradional artist canvas with a textured surface for fine art reproduction, compatible with pratically all aqueous inkjet printers and inks. This canvas has an especially durable coating, resistant to cracking and water-resistant, and has a satin surface to give a varnished appearance.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02433	350	12 m	1524 mm	1	42
023R02434	350	12 m	1067 mm	1	42

Solvent Inkjet Media

Premium Matt Paper 150g/m²

A high-grade smooth, matte coated paper with stiffness and bulk for general-purpose graphics, single or multi panel, with or without finishing. Will give excellent colour density with fast drying and resistance to cockling.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02227	140	80 m	1600 mm	36
023R02226	140	80 m	1270 mm	36

Photo-Gloss Paper 230g/m²

Heavyweight, glossy, photo-based paper with PE barrier coating, to produce extraordinarily vibrant colour brilliance, image definition without bleed, and rapid drying. The coating is splash-proof and UV stable for durable prints without finishing, although over-laminates can be used for extra protection.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02231	230	30 m	1372 mm	24
023R02230	230	30 m	914 mm	24

Standard Satin Outdoor Paper 140g/m²

Semi-gloss, barrier-coated, general-purpose poster paper suitable for photo-realistic graphics in both indoor and outdoor applications. This paper remains strong in wet or humid conditions and has an outdoor life expectancy of 3 months unlaminated. Gives impressive colour brilliance and colour density with excellent edge definition.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02229	140	61 m	1600 mm	35
023R02228	140	61 m	1270 mm	35
023R02347	140	61 m	1067 mm	35
023R02346	140	61 m	914 mm	35

Premium Satin Outdoor Paper 200g/m²

Heavyweight, highly-opaque, semi-gloss, barrier-coated paper suitable for photorealistic posters and signs in both indoor and outdoor applications. It will stay flat in highly humid environments. Suitable for 3 months outdoor life unlaminated. Capable of brilliant, dense colour with excellent edge definition.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02238	200	50 m	1600 mm	35
023R02237	200	50 m	1270 mm	35
023R02418	200	50 m	1067 mm	35
023R02432	200	50 m	760 mm	35

Blue Back Outdoor Paper 120g/m²

Opaque poster paper, fully tested and approved for billboard applications. Outdoor life expectancy of 3 months unlaminated. The blue back prevents show through from imaging on the surface to which the poster is applied. Also suitable as an economical base for general posters and signs.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02233	120	61 m	1600 mm	25
023R02232	120	61 m	1372 mm	24

Premium Blue Back Outdoor Paper 120g/m²

Highly opaque, bulky, durable matte paper tested and approved for multi-panel outdoor billboards. Retains its strength when wet and will give billboard life expectancy of 3 months unlaminated. The blue back prevents show-through from imaging on the surface to which the poster is applied. Also more generally suitable for an array of posters and signs, indoor and outdoor. Capable of brilliant and dense colour reproduction and excellent image quality.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02236	120	76 m	1600 mm	24

Backlit Film (Front Print) Glossy 200 micron

Heavier weight backlit film with high gloss, scratch resistant and waterfast coating, with light diffusing back coat. Front Print, producing brilliant colours and vivid, high definition images.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02406	200	30 m	1524 mm	24
023R02306	200	30 m	1270 mm	24
023R02305	200	30 m	1067 mm	24

Self-Adhesive Vinyl – Permanent Adhesive

Economical PVC with a grey adhesive that gives extra opacity to prevent showthrough from the substrate onto which vinyl is mounted. Suitable for flat or slightly curved surfaces and for short to medium term graphics, indoors or outdoors. Choose either gloss or non-glare matte print surface.

Part No.	Micron	Finish	Reel Length	Width	Packs per Pallet
023R02246	80	Gloss	50 m	2000 mm	28
023R02245	80	Gloss	50 m	1600 mm	28
023R02313	100	Gloss	50 m	1370 mm	28
023R02247	100	Gloss	50 m	1050 mm	28
023R02412	100	Gloss	50 m	760 mm	28
023R02407	100	Matt	50 m	1600 mm	28
023R02315	100	Matt	50 m	1370 mm	28
023R02325	100	Clear	50 m	1370 mm	28

Self-Adhesive Vinyl – Removable Adhesive

Economical PVC with a clear, removable adhesive and either a gloss or non-glare matte print surface for use indoors or outdoors. Suitable for short or medium term graphics, applied to flat or slightly curved surfaces, or where ease of removal or concern for the mounting substrate may be considerations.

Part No.	Micron	Finish	Reel Length	Width	Packs per Pallet
023R02321	100	Gloss	50 m	1600 mm	20
023R02314	100	Gloss	50 m	1370 mm	28
023R02250	100	Matt	50 m	1600 mm	28
023R02316	100	Matt	50 m	1370 mm	28

023R02324	100	Clear	50 m	1370 mm	28

Polypropylene Display Film

High strength, tear-resistant polypropylene film with a satin print surface capable of brilliant photo-realistic, sharp imaging. A paper-like feel but with extra toughness and durability for displays outdoors as well as indoor.

Part No.	Micron	Reel Length	Width	Packs per Pallet
023R02253	170	30 m	1050 mm	24

Premium Banner Vinyl

Versatile, heavyweight material for a wide variety of front-lit signs and banners. Consists of a tear-resistant base fabric sandwiched between two layers of white vinyl, so offers durability in the most demanding outdoor conditions. Can be printed on either the glossy front side or the matte back side depending on application needs, and prints can be welded to form fully finished banners.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02402	500	50 m	2700 mm	20
023R02256	500	50 m	2500 mm	20
023R02411	500	50 m	2200 mm	20
023R02255	500	25 m	1600 mm	20
023R02329	500	25 m	1346 mm	20
023R02328	500	25 m	1092 mm	20
023R02431	500	25 m	760 mm	20

510gsm Economy Banner Vinyl

Heavyweight scrim vinyl for large general-pupose banners and signs. Excellent durability at an economical price. A choice of print surfaces: either non-glare matte or resilient satin, both capable of excellent image quality. Resists both UV and temperature changes with good surface area stability.

Part No.	Grammage	Finish	Reel Length	Width	Packs per Pallet
023R02425	510	Satin	50 m	2500 mm	20
023R02424	510	Satin	50 m	2200 mm	20

023R02331	510	Satin	50 m	1372 mm	20
023R02330	510	Satin	50 m	1067 mm	20
023R02423	510	Matt	50 m	2500 mm	20
023R02422	510	Matt	50 m	2200 mm	20
023R02421	510	Matt	50 m	1600 mm	20
023R02420	510	Matt	50 m	1370 mm	20
023R02419	510	Matt	50 m	1067 mm	20

Light Stop Banner Vinyl

Heavyweight vinyl with a soft malleable feel. A sandwich of dark coated, lightblocking base fabric between two layers of white vinyl gives complete light stopping opacity and the ability to print on one or both sides. High tear strength and good dimensional stability. Resistant to UV and temperature changes, so highly suitable for outdoor use. Also flame retardant so perfect for fire-sensitive indoor applications.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02257	630	25 m	1600 mm	24

Indoor Banner Fabric

Light, flexible, vinyl-covered fabric for roll-up, roll-down or hanging displays. Flame retardant for use in any indoor application.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02261	330	25 m	1600 mm	24

Economy Flag Banner

Economical, tear-resistant, polyester flag fabric with a matte print surface. Suitable for indoor and outdoor banner applications. With a removable backing material for trouble free transport through the printer.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02263	110	30 m	1626 mm	28

Premium Flag Banner

Rip-proof polyester flag fabric. Weather resistant for outdoor banner applications and flame retardant for fire sensitive indoor environments. Removable backing paper ensures reliable transport through the printer. Solvent inkjet printing will give almost full print-through – imaging on the reverse side with almost the same intensity as the front side.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02266	110	30 m	1829 mm	28
023R02265	110	30 m	1626 mm	28
023R02264	110	30 m	1067 mm	28

Poly Canvas

Highly opaque fabric with a textured surface ideal for outdoor banner applications and indoor environments where a fire rating is not required.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02268	240	30 m	1626 mm	28
023R02267	240	30 m	1067 mm	28

Poly Cloth

Highly opaque, lightweight cotton textile with a fine matte print surface. Its free flowing nature and ability to conform makes this a perfect material for banners, curtains, backdrops and a variety of other displays.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02272	200	30 m	1829 mm	28
023R02271	200	30 m	1626 mm	28
023R02270	200	30 m	1067 mm	28

XEROX®

Graphic Arts
Solvent Inkjet

Artist Canvas

Cotton-polyester fabric that gives the decorative texture and feel of a fine art cotton canvas but with higher brightness and whiteness, enhanced durability and resistance to shrinkage. Highly opaque, with a print surface coating for producing high-quality fine art graphics.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02260	280	30 m	1626 mm	28
023R02259	280	30 m	1067 mm	28

350g/m² Fine Art Canvas – Satin

A premium cotton canvas with all the necessary properties for producing highest-quality, long term durable fine art and photographic prints. Compatible across the range of solvent and UVC inks, and suitable for heavy ink-loads to give vibrant images. Drying time is excellent and the coating surface gives a satin, water-resitant finish for a varnished appearance without the need for further finishing processes. Resists cracking of the image when the canvas is stretched over frames.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02414	350	15 m	1524 mm	42
023R02413	350	15 m	1067 mm	42

Banner Mesh

Vinyl-coated, polyester mesh. The graphic is presented on 85% of the surface, with 15% open for view-through or transmission of light. The open mesh also helps panels stay in place in wind or moving air. Fire rated for indoors. Durable outdoors. Available with a plain white reverse side for standard display, or alternatively with a black back for less impaired view-through from the rear. A removable backing liner absorbs surplus ink and ensures reliable passage of this media through the printer.

Part No.	Grammage	Surfaces	Reel Length	Width	Packs per Pallet
023R02273	340	White Back	25 m	1600 mm	24

Economy Banner Mesh

Economical vinyl-coated, woven polyester mesh: The graphic is presented on 85% of the surface, with 15% open for view-through or transmission of light. The open mesh also helps panels stay in place in wind or moving air. An easily removable backing liner absorbs surplus ink and ensures reliable passage of this media through the printer.

Part No.	Grammage	Reel Length	Width	Packs per Pallet
023R02427	270	25 m	2500 mm	20
023R02334	270	25 m	2000 mm	20
023R02426	270	25 m	1600 mm	20
023R02333	270	25 m	1370 mm	20

Light Stop Display Film Gloss

Gloss Light-block material for production of display stands on Solvent printers. Gives optimum ink adhesion, scratch and water resistance. High whiteness front and lightbacking, anti-static grey back for more than 98% opacity against rear lights.

Part No.	Micron	Reel Length	Width	Packs per Pallet
023R02310	300	20 m	1270 mm	20
023R02309	300	20 m	914 mm	20
023R02308	170	30 m	1270 mm	20
023R02307	170	30 m	914 mm	20

Light Stop Display Film Matt

Matt Light-block material for production of display stands on Solvent printers. Gives optimum ink adhesion, scratch and water resistance. High whiteness front and lightbacking, anti-static grey back for more than 98% opacity against rear lights.

Part No.	Micron	Reel Length	Width	Packs per Pallet
023R02320	300	20 m	1270 mm	20
023R02319	300	20 m	914 mm	20
023R02318	170	30 m	1270 mm	20
023R02317	170	30 m	914 mm	20

Perforated Window Vinyl – Self Adhesive

Self-adhesive PVC for windows, perferated to present a graphic on one side whilst allowing an amount of view-through or light transmission from behind the image. The rear side of the vinyl is black to help vision from behind. Can also help to lessen transmission of direct sunlight. Suitable for glazed office screening or partitions, shop windows or for vehicle graphics such as bus and coach windows 50:50 view through

Part No.	Micron	Reel Length	Width	Packs per Pallet

X2 Oil Inkjet Papers

Media formulated especially for Xerox Xpress and X2 oil-based Piezo printers, to meet the needs of high speed production. A selection of properties suits a range of applications, from CAD line drawings, to speciality displays. For details and advice please refer to the Xerox X2 Applications Guide on www.xerox.com, or ask your supplies contact for a copy. These media are also suitable for use on other oil piezo inkjet printers such as Seiko.

Line Art Paper

80 gsm, bright white paper designed for line drawing in CAD environment. For use only in 360 dpi print mode. Not recommended for printing full graphic images.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01366	80	122 m	914 mm	1	28
023R01394	80	122 m	841 mm	1	28
023R01396	80	122 m	594 mm	1	28

Coated Graphics Design Paper

A bright white paper suitable for line mapping/mapping and colour presentations in CAD/GIS environment. For use only in 360dpi print mode.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01443	90	100 m	841 mm	1	28
023R01444	90	100 m	594 mm	1	28

Hi White Graphics Paper 95g/m²

A bright white paper for use in 360 dpi print mode. It provides good image quality and is well suited for general display applications. It also meets the line width specifications for GIS/CAD Engineering applications.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01424	95	100 m	1370 mm	1	35
023R01423	95	100 m	1270 mm	1	35
023R01422	95	100 m	1067 mm	1	28
023R01425	95	100 m	914 mm	1	28

Hi White Graphics Paper 125g/m²

A heavier based version of the High White Graphics Paper to give greater handling properties as a general purpose graphics paper.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02064	125	76 m	1370 mm	1	35
023R02066	125	76 m	1067 mm	1	28
023R02067	125	76 m	914 mm	1	28

Graphic Arts Paper 100g/m² & 130g/m²

A warm-white general-pupose paper with a polished smooth print surface for excellent image quality in 360dpi mode. Suitable for a wide variety of display applications and constructions, and can be used laminated or unlaminated. Available with a choice of 100g/m² and 130g/m² weight.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02437	100	100 m	1370 mm	1	35
023R02438	100	100 m	1067 mm	1	28
023R02439	100	100 m	914 mm	1	28
023R02440	130	76 m	1370 mm	1	35
023R02441	130	76 m	1067 mm	1	28
023R02442	130	76 m	914 mm	1	28

Indoor/Outdoor Paper, Blue Backed

A water-resistant, highly-opaque poster paper suitable for indoor graphics and outdoor signage. The blue backing allows for no show through of covered images. Tested to meet the requirements of billboard advertising and standard specifiers such as Viacom. For use only in 360dpi print mode.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01420	120	76 m	1370 mm	1	35
023R01429	120	76 m	1270 mm	1	35
023R01614	120	76 m	1067 mm	1	28
023R01421	120	76 m	914 mm	1	28

Short-Term Poster Paper, Blue Backed

A water-resistant, poster paper for indoor or short-term outdoor graphics. High ink capacity allows bright colour prints and blue backing reinforces the paper's high opacity. Tested to meet the requirements of billboard advertising and standard advertising print specifiers.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02180	120	80 m	1370 mm	1	35
023R02182	120	80 m	1067 mm	1	28

Presentation Paper 720 dpi

A presentation paper, designed for optimum performance in 720 dpi print mode. Specially coated to accept the high level of ink saturation and precise dot placement required for 720 dpi imaging. This is an economical solution for presentation applications where sharp lines, crisp text and maximum colour gamut are required.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01263	125	45 m	1370 mm	1	30
023R01264	125	45 m	1270 mm	1	30
023R01181	125	65 m	914 mm	1	30
023R01183	125	65 m	594 mm	1	30

High Grade Presentation Paper

A high-grade, fully featured presentation paper. Accepts high ink levels giving improved colour vibrancy. Barrier coating on the reverse side prevents ghosting when prints are taken onto the take-up spool. Suitable for both 720 dpi and 360 dpi printing.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01627	115	76 m	1370 mm	1	35
023R01629	115	76 m	1066 mm	1	28
023R01630	115	76 m	914 mm	1	30

Heavy Weight Presentation Paper

A heavyweight presentation paper for indoor graphic applications. Can be printed in both 360 and 720 dpi mode. High ink capacity allows production of bright dense images and a broad colour gamut. The higher base weight gives strength and improved handling.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01437	160	61 m	1370 mm	1	35
023R01438	160	61 m	1270 mm	1	35
023R01439	160	61 m	1066 mm	1	28
023R01440	160	61 m	914 mm	1	28

Reinforced Paper

A nylon reinforced paper designed for producing vivid, full colour images in 360 dpi mode. The exceptional durability of this media provides maximum flexibility during post print handling allowing for edge sewing, taping and grommeting. It provides excellent laminate adhesion with pressure sensitive as well as thermal laminates. It is an economical paper alternative to using standard outdoor materials for indoor banner applications.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01293	236	23 m	914 mm	1	24

X2 and Xpress Inks

Oil-based, pigmented graphics inks specifically for X2 printers and media. Formulated to be smudge resistant, instant drying and can be laminated immediately in most cases. The colour gamut is based on the SWOP (Standard Web Offset Printing) standards for press-quality, colour graphics, versatility and easy colour calibration.

X2 Oil Speciality Media

Banner Vinyl

A vinyl designed for excellent image quality when used in either 360 or 720 dpi print mode. This material is constructed of a tear resistant polyester base fabric embedded between two layers of white vinyl. It is water resistant, and designed for use in all banner applications indoors and most outdoor applications except where durability in extreme wind and weather conditions is required. It does not require the use of an overlaminate unless subject to abrasion or extreme moisture.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01418	390	25 m	1370 mm	1	30
023R01419	390	25 m	914 mm	1	30

Pressure Sensitive Vinyl

A general-purpose, self-adhesive white vinyl with matte surface that will adhere to a wide variety of smooth flat or gently curved substrates using only light pressure. This PSV has a medium tack, removable adhesive for good adhesion in service whilst still being easy to remove when required.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02405	280	20 m	1370 mm	1	20
023R02404	280	20 m	1067 mm	1	20
023R02403	28	20 m	914 mm	1	20

175mic Backlit Film

Transparent polyester film with a matte coating, a strong and dimensionally stable base for back lit applications. The coating gives good ink fixation for high definition images with excellent colour density for strong, vivid appearance illuminated or otherwise. Excellent for all displays with some degree of back illumination to boost display impact.

Part No.	Micron	Reel Length	Width	Rolls per pack	Packs per Pallet
023R02430	175	30 m	1370 mm	1	24
023R02429	175	30 m	1067 mm	1	24
023R02428	175	30 m	914 mm	1	24

Banner Fabric

A tear resistant, polyester fabric designed for optimum image quality in either 360 or 720 dpi print mode. For indoor use or outdoors against a flat surface (lamination not necessary) This is a functional product that can be “finished” to become a vast array of graphics. It has a satin sheen on the backside.

Part No.	Grammage	Reel Length	Width	Rolls per pack	Packs per Pallet
023R01415	160	25 m	1370 mm	1	24
023R01416	160	25 m	914 mm	1	24

Banner Fabric Fire Retardant

A tear resistant, polyester fabric with a fire retardant coating designed for optimum image quality in either 360 or 720 dpi print mode. For indoor use or outdoors against a flat surface (lamination not necessary) This is a functional product that can be “finished” to become a vast array of graphics. It has a satin sheen on the backside.

023R02004	250	25 m	1067 mm	1	24
023R02005	250	25 m	914 mm	1	24

Terms and Conditions

1. Order Quantity

A. Minimum orders per delivery are:

Paper and Cardstock: 10 reams.

All other items: one order unit as shown in our catalogue.

Minimum order value for free Delivery: £95.00 (excluding VAT).

B. Products are supplied in multiples of the pack sizes and outer case quantities stated in the catalogue. We regret that packs cannot be split.

2. Prices

For details of the latest prices and special product offers, please call Xerox or your nearest stockest.

A. Quantity discounts will be applied as appropriate to the total number of units of any mixture of products in the relevant product discount group, providing that they are included in one order and are for delivery to one address. Quantity discounts on one product group do not affect the prices charged for products in other groups.

B. Payment will be due on the date shown on our invoice.

C. All prices shown in our price lists, or quoted by our staff, are exclusive of VAT.

D. We reserve the right to vary our prices at any time. Orders will be accepted at the price current when we receive your order, provided that delivery is to be made within 14 days.

If you ask for delivery to be made more than 14 days after the date of your order, the prices charged will be those current on therequested delivery date.

3. Delivery

A. Delivery will be effected by leaving the products at the address specified by you. Whenever possible a signature will be obtained as proof of delivery, but we reserve the right to deliver without obtaining a signature. Xerox Office Supplies reserves the right to charge for the production of additional copies of proof of delivery requested by the customer.

B. Xerox Office Supplies shall not be liable for any loss incurred by you by reason of any delay in delivery.

C. Any claim in respect of products not delivered or delivered in a damaged condition, or in respect of any discrepancy in the quantity delivered must be made in writing within 14 days of delivery to the Supplies Office that took your order.

D. Delivery is free, except for urgent deliveries made at your request, or for orders valued at under £95.00 (excluding VAT).

E. Xerox Office Supplies reserves the right to charge for costs incurred to meet customer's special delivery requirements.

F. Xerox Office Supplies reserves the right to refuse to accept or credit products that have been returned to them without prior agreement. If you have products that need to be returned, please contact the Supplies Office that took your order and they will arrange for the goods to be collected.

G. Xerox Office Supplies reserves the right to charge for collecting products from you when the collection is due to your cancellation or amendment of an order. Only products returned in a saleable condition will be credited to your account.

H. If goods have been incorrectly supplied by Xerox Office Supplies, we will arrange collection if notified by the customer within 14 days of receipt of original order.

4. No Quibble Guarantee

If, within 30 days of receipt of any of our products, you find that you are not satisfied that they meet your expectations as to quality or performance, we will promptly replace them without further charge.

A. All products in this catalogue, whether or not they carry the Xerox name, are covered by our ''No Quibble Guarantee''. This does not in any way affect your legal rights.

5. Our Liability

A. Xerox Office Supplies accepts legal liability for any damage, injury or loss caused by our fault, but not from any loss of profit, loss of data or indirect or consequential loss. Except in the cases of personal injury or death our liability is limited to £5 million.

B. These terms of sale apply to all our orders, except where varied in writing.
